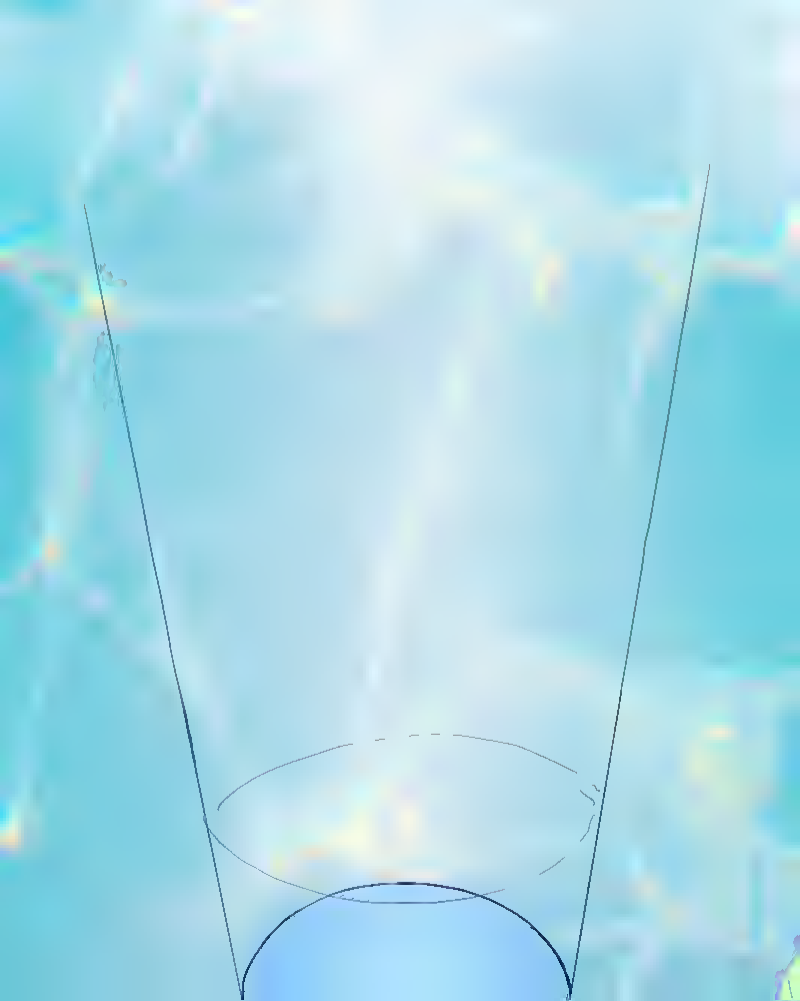
HELIOS MINA



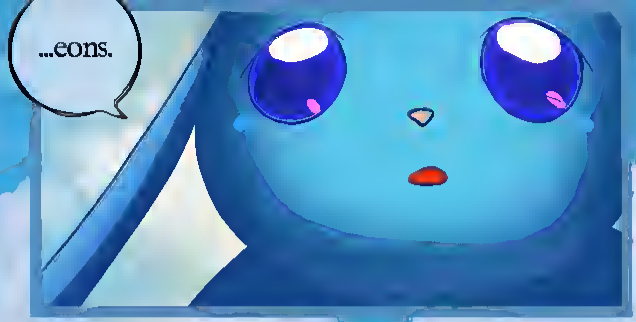
Bebo,
I have a
question.

Typically, how long does an experience like this last?

Depends,
...because the concept of time does not exist within your subconscious.

This experience can feel like days, sometimes months,
...years even.
Years?!

In some rare instances,



...eons.

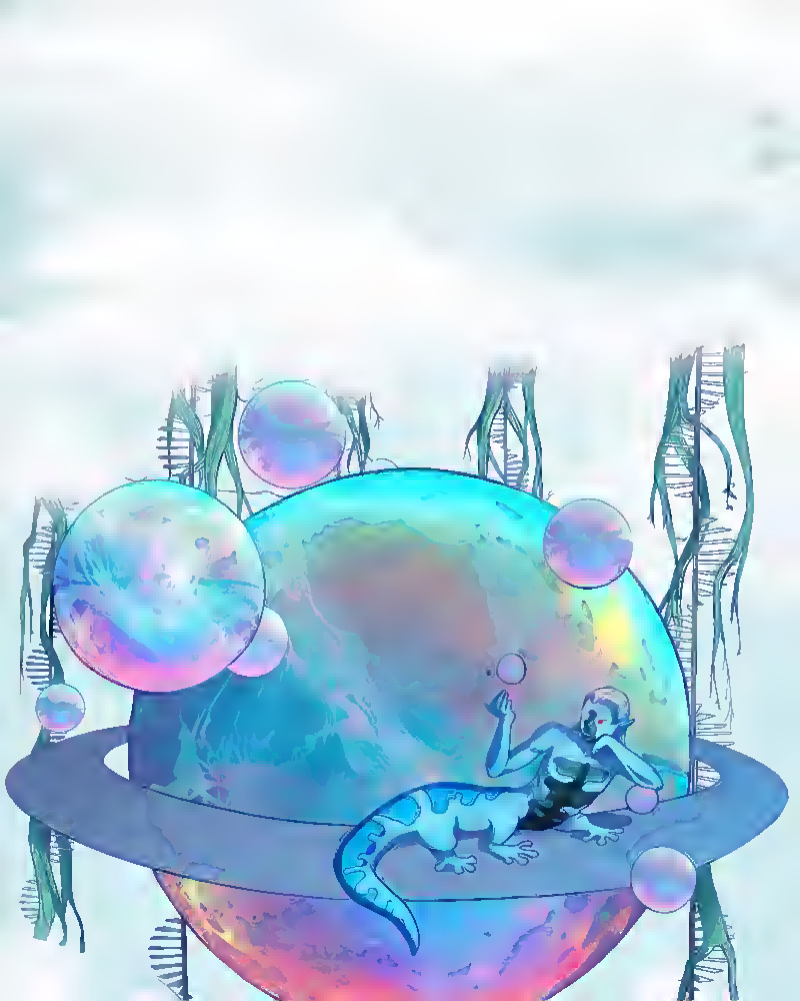
That's... a *really* long time.

So where do you wanna go?

Hmm...
I dunno.
We're inside your subconscious.
You should follow your intuition.

My intuition is telling me, to follow you.
HAH

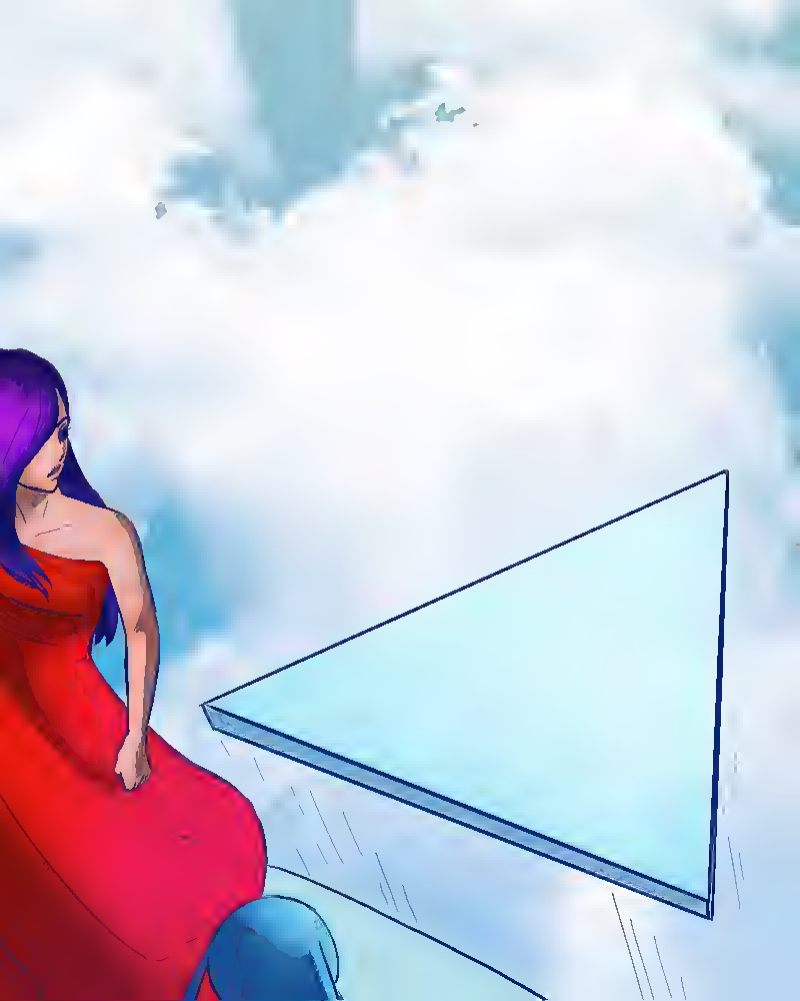
Fair enough.



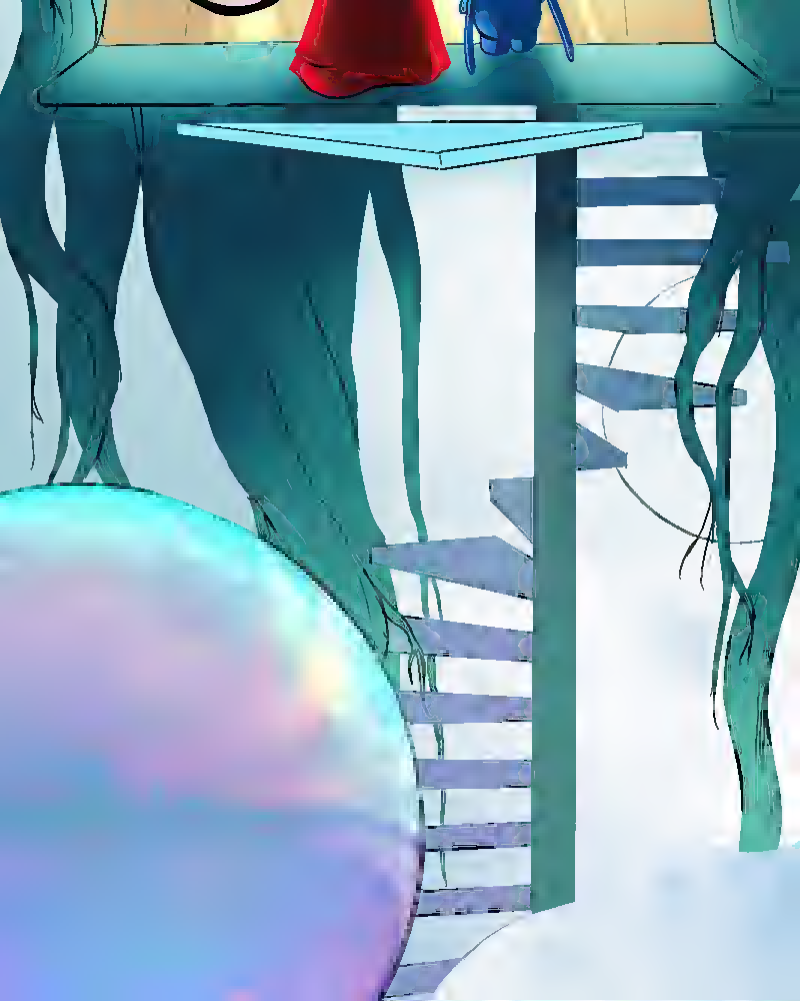
PSSH!
Looks like your quest begins now.

Hi!

I'm her plus one.

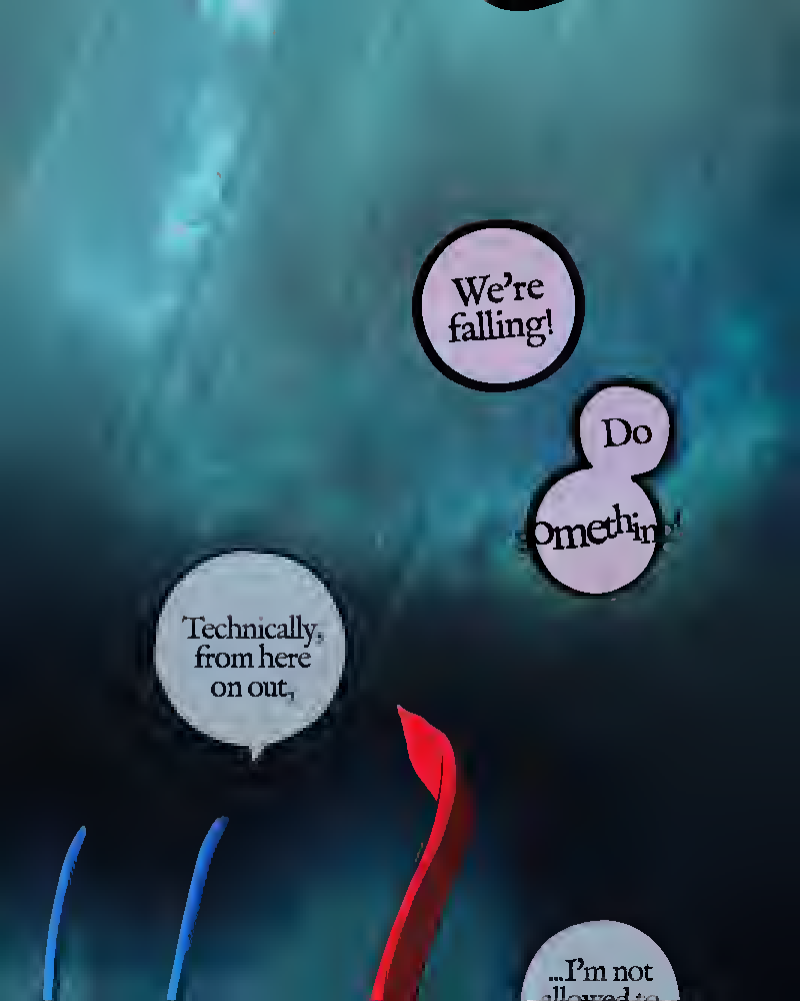


Do we just,
walk through it?!



Or we can just stand here forever.

Bebo!!!



We're falling!
Do
omethin
Technically, from here on out,
...I'm not

allowed to
intervene.
ha-

...but, don't worry,
...I'll be sure to stick around just in case you run into trouble!

I'm in trouble right now!!?
You'll be *fine*.
Just fly!

Are you serious right now?!
Yes!
I'm trying!!!
I can't!!!

Why are you flapping your arms?
You're not a bird.
Obviously not!!!

Bebo, I'm going to die!
Red help me!

Red, don't interfere.
Breathe, just breathe.

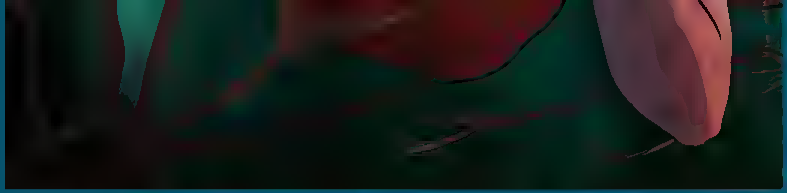
...we're in my subconscious.

My thought alone has the power...

...to make anything possible.
Whoa...

Wait,
...how do I stop?!

Oh sh-...
WhOaaa
SNAP
SNAP
SNAP



Ugh...

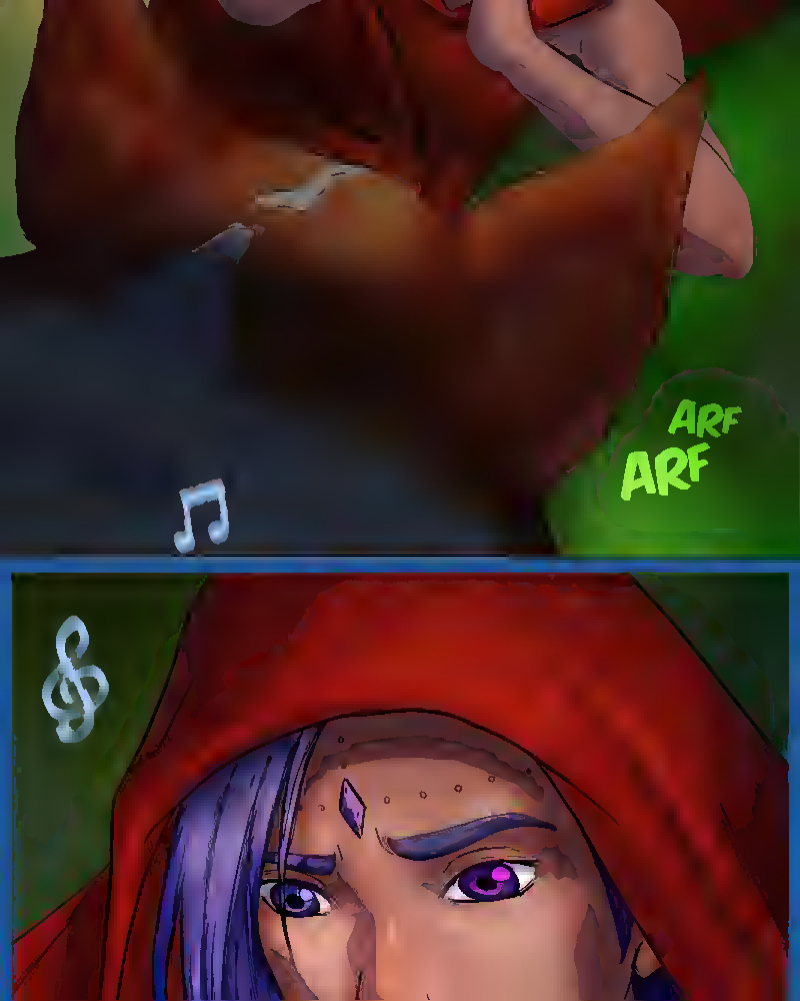
Where am I?

ARF

SURE!

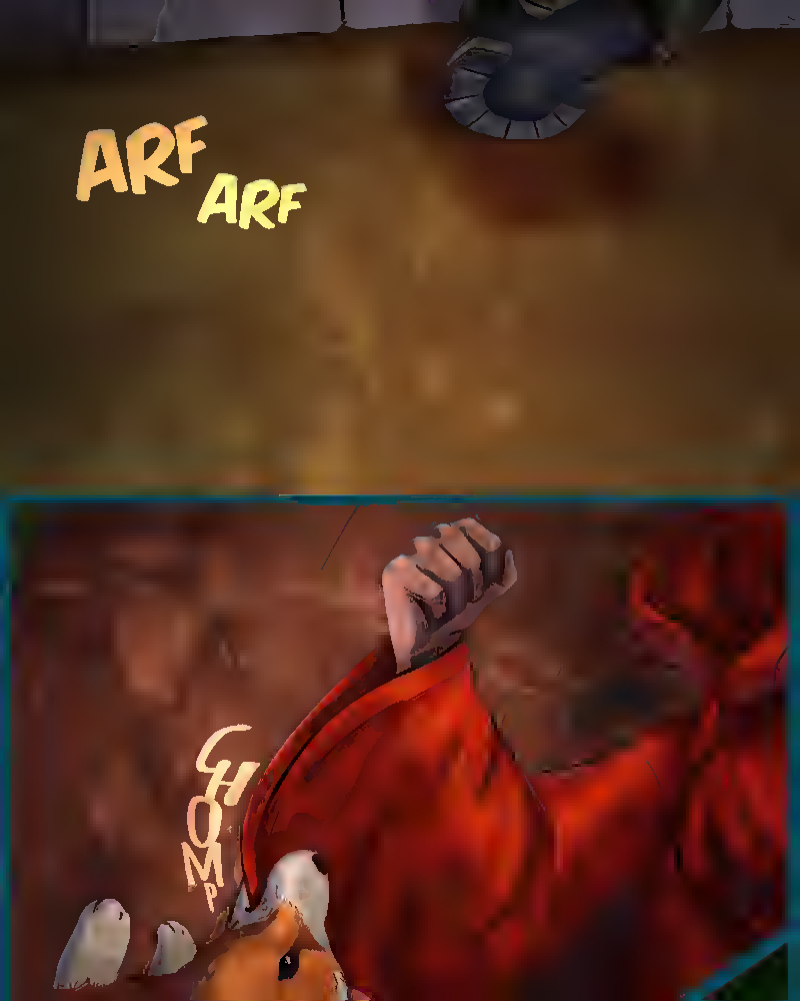
ARF
ARF

SHHHHH



ARF
ARF

My voice sounds different.
Was it from all that screaming?



ARF
ARF
CHOMP

Crap!!!

THUNK

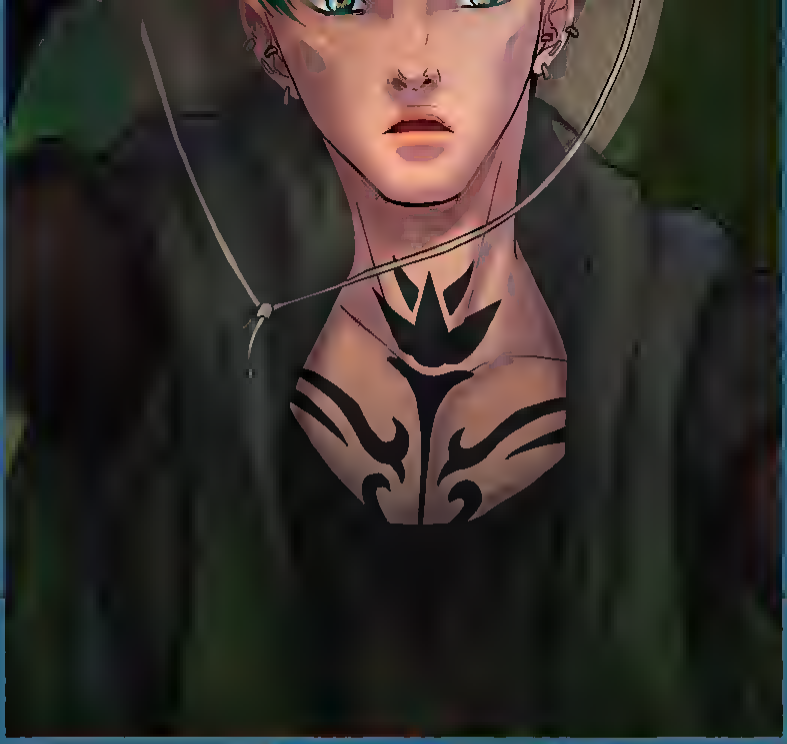
Stop!
What are you doing here?!
You're on royal grounds.

Identify yourself!

Hey!

THUD

Next time, I'll be sure not to miss.



His Royal
Highness,

Prince of Auroris,
... forgive me!
I did not recognize you under that garment.
Please, your majesty.

Your majesty?

Where am I?
Helias, your grace.

Helaas?

Where is that?
Why are you addressing me all weird?
Your majesty, is this a trick question?

I wish for no trouble.
Who are you?

Arret, your highness
I tend the royal gardens

What is going on here?

I'm,

...a man?!!!

Bebo!!!
